- (4) Authority of State. The State must submit a certification that the consolidated plan is authorized under State law and that the State possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.
- (5) Consistency with plan. The State must submit a certification that the housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

- (b) Community Development Block Grant program. For States that seek funding under CDBG, the following certifications are required:
- (1) Citizen participation. A certification that the State is following a detailed citizen participation plan that satisfies the requirements of §91.115,

and that each unit of general local government that is receiving assistance from the State is following a detailed citizen participation plan that satisfies the requirements of §570.486 of this title.

- (2) Consultation with local governments. A certification that:
- (i) It has consulted with affected units of local government in the nonentitlement area of the State in determining the method of distribution of funding:
- (ii) It engages or will engage in planning for community development activities:

- (iv) It will not refuse to distribute funds to any unit of general local government on the basis of the particular eligible activity selected by the unit of general local government to meet its community development needs, except that a State is not prevented from establishing priorities in distributing funding on the basis of the activities selected; and
- (v) Each unit of general local government to be distributed funds will be required to identify its community development and housing needs, including the needs of the low-income and moderate-income families, and the activities to be undertaken to meet these needs.

However, if CDBG funds are used to pay the proportion of a fee or assessment attributable to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than with CDBG funds. In addition, with respect to properties owned and occupied by moderate-income (but not low-income) families, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds if the State certifies that it lacks CDBG funds to cover the assessment.

- (v) Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary;
